The IonCleanse by AMD helps the body to detoxify itself more effectively and faster than any other protocol, with little or no stress to the client.

“ Testimonials ”

“As both a mother of a child with food allergies and learning disabilities, as well as a doctor specializing in children with autism, I find the IonCleanse by AMD to be an invaluable part of the services I offer. The differences I see in my child and in my patients are astounding!”

Dr. Sonia McGowin, D.C., Health Quest Physicians Group

“The typical response from my clients is a deep sense of relaxation from their IonCleanse by AMD foot bath followed by a good night’s sleep and an enhanced mental outlook.”

Sargent Goodchild, Jr., Active Healing, Inc.

“In my clinical practice, incorporating the IonCleanse® by AMD for detoxification support has provided a variety of improvements in my patients.”

Dr. Tracy Fritz, MD, FAAFP, MAPS Fellow

IonCleanse by AMD Total body detoxification and relaxation

The Critical Step in Your Wellness Protocol

Detoxification and relaxation with the IonCleanse® by AMD is a choice to strongly consider as part of your protocol – whether you are new to the autism community, or a seasoned veteran. The IonCleanse® by AMD helps the body relax and gently detox in a way it has never been able to before, even if normal pathways of elimination are compromised. The cleaner the body is internally, the better other therapies and modalities will work: chiropractic, acupuncture, massage, etc.

The Need for Detoxification

We are living in the most polluted environment in Earth's known history. We are continually inhaling and assimilating residues from petrochemicals, plastics, pesticides, and other sources that occupy cell receptor sites and block hormone utilization. Diet and exercise are important, but without the effective elimination of toxins, the results may be limited. The IonCleanse® by AMD provides the most thorough and efficient way to facilitate total body detoxification. It is more effective and faster than any herbal or fasting protocol.

“

“With toxicity as a major source of illness, I have found the IonCleanse® by AMD as an excellent adjunct to changes in life style and other detoxification procedures helping patients maximize their health.”

Dr. John R Keifer, Keifer Wellness Center ”

How does it work?

The IonCleanse® by AMD's proprietary and patented technology results in only biocompatible electrical frequencies entering the water. This elicits a relaxation response. Concurrently, these frequencies create an ionic field that cleanses and purifies the body through the healing power of ions. The IonCleanse® process ionizes the water as H₂O is split into OH⁻ and H⁺ ions. These ions attract and neutralize oppositely charged toxins. After a session the user feels calm, relaxed, and focused. Typical session times vary from 10-30 minutes, based primarily upon age. There are no harmful side-effects, and the process is painless and non-invasive.
